Committees of the Thirteenth International Seaweed Symposium ..... v
Acknowledgements ..... ix
Marinalg International Awards
by Bent Jakobsen, Chairman, Marinalg International ..... xi
Student Awards ..... xiv
List of Registrants ..... xxiii

PART ONE: PLENARY LECTURES

Seaweeds, then and now
by Robert F. Scagel ..... 1
Seaweeds and biotechnology – inseparable companions
by Donald W. Renn ..... 7

PART TWO: MINISYMPOSIA

**Population and community effects of seaweed harvesting** (Conveners: M. S. Foster and D. C. Barilotti)

An approach to determining the ecological effects of seaweed harvesting a summary
by Michael S. Foster and D. Craig Barilotti ..... 15
Ecological impact of marine plant harvesting in the northwest Atlantic: a review
by Glyn J. Sharp and John D. Pringle ..... 17
The harvesting of macroalgae in New Zealand
by David R. Schiel and Wendy A. Nelson ..... 25
Ecological effects of seaweed harvesting in the Gulf of California and Pacific Ocean off Baja California and California
by D. Craig Barilotti and J. A. Zertuche-González ..... 35
Ecological effects of harvesting *Lessonia* (Laminariales, Phaeophyta) in central Chile
by Julio A. Vasquez and Bernabé Santelices ..... 41

**Functional seaweed morphology and relation to seaweed productivity** (Convener: J. Bolton)

Productivity and nutrient relationships in psammophytic versus epilithic forms of Bryopsidales (Chlorophyta): comparisons based on a short-term physiological assay
by Mark M. Littler and Diane S. Littler ..... 49
Form variation and productivity of an intertidal foliose *Gigartina* species (Rhodophyta) in relation to wave exposure
by James J. Jackelman and John J. Bolton ..... 57

A form-function analysis of photon capture for seaweeds
by J. Ramus ..... 65
Application of the functional-form model to the culture of seaweeds
by M. Dennis Hanisak, Mark M. Littler and Diane S. Littler ..... 73

**Advances in North American seaweed culture** (Conveners: B. Brinkhuis†, C. Yarish, and M. D. Hanisak)

The use of *Gracilaria tikvahiae* (Gracilariales, Rhodophyta) as a model system to understand the nitrogen nutrition of cultured seaweeds
by M. Dennis Hanisak ..... 79
Nori cultivation in North America: growth of the industry
by Thomas F. Mumford, Jr. ..... 89
Antiviral carbohydrates from marine red algae
by Michael Neushul ..... 99

**Taxonomy of economically important seaweeds** (Convener: C. Bird)

Restriction enzyme analysis of variation and taxonomy in the kelp genus *Laminaria* (Laminariales, Phaeophyta)
by Debashish Bhattacharya and Louis D. Druehl ..... 105
Recent approaches to the taxonomy of the Gracilariaceae (Gracilariales, Rhodophyta) and the *Gracilaria verrucosa* problem
by Carolyn J. Bird and Ellen L. Rice ..... 111
Taxonomy of phyllophoroid algae: the implications of life history
by Christine A. Maggs ..... 119
New and old problems in the taxonomy of the Gelidiales (Rhodophyta)
by Bernabé Santelices ..... 125

**Protoplast and tissue culture: application to the seaweed industry** (Convener: D. Cheney)

The effects of the physical characteristics of the culture medium on the development of red seaweeds in tissue culture
by R. R. Robaina, Guillermo Garcia-Reina and A. Luque ..... 137
Production of bioflavor by regeneration from protoplasts of *Ulva pertusa* (Ulvales, Chlorophyta)
by Taichiro Fujimura and Tadahiko Kajiwara ..... 143
Parasexual fusion products in green algae: *Enteromorpha* and *Ulvaria* (Ulvales, Chlorophyta)
by Donald F. Kapraun ..... 151
Protoplast isolation and fusion in *Porphyra* (Bangiales, Rhodophyta)
by Yuji Fujita and Munehisa Saito ..... 161

PART THREE: CONTRIBUTED PAPERS AND POSTERS

**Taxonomy**

Variation in nucler DNA base composition (mol% G + C) in three orders of marine green algae
by D. Wilson Freshwater, Julie A. Dutcher, Donald F. Kapraun and Ronald K. Sizemore 167

Diagnoses and key to the genera of the Gracilariaceae (Gracilariales, Rhodophyta)
by Suzanne Fredericq and Max H. Hommersand ..... 173
An evaluation of species relationships in the *Porphyra perforata* complex (Bangiales, Rhodophyta) using starch gel electrophoresis
by Sandra C. Lindstrom and Kathleen M. Cole ..... 179

**Ecology**

Ecological aspects of *Sargassum muticum* (Fucales, Phaeophyta) in Baja California, Mexico: reproductive phenology and epiphytes
by Raúl Aguilar-Rosas and Alberto Machado Galindo ..... 185
A simulation model for an *Iridaea splendens* (Gigartinales, Rhodophyta) population in Vancouver, Canada
by Put Ang, Jr., Robert E. DeWreede, Frank Shaughnessy and Leonard Dyck ..... 191
Effects of acid wastes from titanium dioxide production on biomass and species richness of benthic algae
by Tor Bokn ..... 197
Competitive interactions between *Fucus spiralis* L. and *F. vesiculosus* L. (Fucales, Phaeophyta)
by A. R. O. Chapman ..... 205
Canopy characteristics of the brown alga *Sargassum muticum* (Fucales, Phaeophyta) in Lake Grevelingen, southwest Netherlands
by Alan T. Critchley, P. R. M. de Visscher and P. H. Nienhuis ..... 211
Viability and dissemination of spermatia of *Gracilaria verrucosa* (Gracilariales, Rhodophyta)
by Christophe Destombe, José Godin and Jean-Michel Remy ..... 219
Growth and size distribution of some large brown algae in Ohori, east coast of Korea
by Chul Hwan Koh and H. C. Shin ..... 225
Abundance changes in *Laminaria setchellii* and *Pterygophora californica* (Laminariales, Phaeophyta) near the Diablo Canyon Power Plant
by Wheeler J. North, Einar K. Anderson and Faylla A. Chapman ..... 233
Relation between size and age of holdfasts in *Ecklonia stolonifera* Okamura (Laminariales, Phaeophyta) in northern Honshu, Japan
by Masahiro Notoya and Yusho Aruga ..... 241
Relationship between cover of *Chondrus crispus* (Gigartinales, Rhodophyta) and *Phymatolithon* (Corallinales, Rhodophyta) on friable rock substrata
by Terry Parker and J. McLachlan ..... 247
Seasonal growth, density, reproductive phenology and agar quality of *Gracilaria sordida* (Gracilariales, Rhodophyta) at Mokomoko Inlet, New Zealand
by Timothy D. Pickering, M. E. Gordon and L. J. Tong ..... 253
Annual growth rate of the calcareous red alga *Lithothamnion corallioides* (Corallinales, Rhodophyta) in the Bay of Brest, France
by Philippe Potin, J. Y. Floc'h, C. Augris and J. Cabioch ..... 263
Planktonic bloom of an introduced species of *Polysiphonia* (Ceramiales, Rhodophyta) along the coast of North Carolina, USA
by Donald F. Kapraun and Richard B. Searles ..... 269
Settlement of seaweeds on coastal structures
by Akira Watanuki and H. Yamamoto ..... 275

**Resources**

Economically important seaweeds in Mar Piccolo, Taranto (southern Italy): a survey
by Ester Cecere ..... 281
Current state of seaweed resources in Spain
by Tomás Gallardo, Miguel Alvarez Cobelas and Antonio Alvarez de Meneses ..... 287
Utilized and potentially utilizable seaweeds on the Namibian coast: biogeography and accessibility
by F. J. Molloy ..... 293
European bioconversion projects and realizations for macroalgal biomass: Saint-Cast-Le-Guildo (France) experiment
by Philippe Morand, R. H. Charlier and J. Mazé ..... 301
Resources and possibilities for exploitation of North Adriatic seaweeds
by Ivka Munda ..... 309
Annual net primary production calculated from eastern Canadian Irish moss fishery data
by John D. Pringle, R. Ugarte and R. E. Semple ..... 317
Saldanha Bay, South Africa: recovery of *Gracilaria verrucosa* (Gracilariales, Rhodophyta)
by Klaus W. G. Rotmann ..... 325
Seasonality of standing crop of a *Sargassum* (Fucales, Phaeophyta) bed in Bolinao, Pangasinan, Philippines
by Gavino C. Trono, Jr. and Arturo O. Lluisma ..... 331
Seaweeds of potential economic importance in Kenya: field survey and future prospects
by Charlie Yarish and G. Wamukoya ..... 339

**Cultivation, tissue culture and strain selection**

Cultivation of *Gracilaria verrucosa* (Gracilariales, Rhodophyta) Strain G-16 for agar
by Kimon T. Bird and J. H. Ryther ..... 347
Some effects of plant growth regulators on tissue cultures of the marine red alga *Agardhiella subulata* (Gigartinales, Rhodophyta)
by Peter M. Bradley and Donald P. Cheney ..... 353
Culture and growth of *Lessonia trabeculata* (Phaeophyta, Laminariales) juvenile sporophytes in La Herradura de Guayacan Bay, northern Chile
by Mario Edding, Mariela Venegas, Patricia Orrego and Erika Fonck ..... 361
A model of seaweed growth in an outdoor culture in Israel
by Michael Friedlander, Noya Galai and Hanan Farbstein ..... 367
Callus formation in *Ecklonia cava* Kjellman (Laminariales, Phaeophyta)
by Yukio Kawashima and Hiroshi Tokuda ..... 375
Growth, photosynthesis and agar in wild-type strains of *Gracilaria verrucosa* and *G. conferta* (Gracilariales, Rhodophyta), as a strain selection experiment
by Israel Levy, S. Beer and M. Friedlander ..... 381
Isolation and genetic characterization of self-sterile mutants in a monoecious red alga *Gelidium vagum* (Gelidiales, Rhodophyta)
by John P. van der Meer ..... 389
Estimation of the degree of self-fertilization in *Porphyra yezoensis* (Bangiales, Rhodophyta)
by Jong-ahm Shin and Akio Miura ..... 397

The mass culture of *Dunaliella viridis* (Volvocales, Chlorophyta) for oxygenated carotenoids: laboratory and pilot plant studies
by T. P. Moulton and M. A. Burford ..... 401
Digestion of seaweeds by the marine amoeba *Trichosphaerium*
by Miriam Polne-Fuller, A. Rogerson, H. Amano and A. Gibor ..... 409
Evaluation of dye-based assay for mannuronan 5′-epimerase
by Mark A. Ragan ..... 415
Field and culture studies of species of *Gelidium* (Gelidiales, Rhodophyta) from their northern limit of distribution in Europe
by Jan Rueness and S. Fredriksen ..... 419
Notes on the life histories of *Boergesenia* and *Valonia* (Siphonocladales, Chlorophyta)
by A. Beutlich, B. Borstelmann, R. Reddemann, K. Speckenbach and R. Schnetter ..... 425
Recent progress in the use of processed microalgae in aquaculture
by Ted R. Sommer, W. T. Potts and N. M. Morrissy ..... 435
Cultivation of *Macrocystis integrifolia* (Laminariales, Phaeophyta) in southeastern Alaskan waters
by Michael S. Stekoll and Page V. Else ..... 445
Conchospore production and seasonal occurrence of some *Porphyra* species (Bangiales, Rhodophyta) in Washington State
by J. Robert Waaland, Leal G. Dickson and Ellen C. S. Duffield ..... 453
The life cycle of *Laminaria abyssalis* (Laminariales, Phaeophyta) in culture
by Yocie Yoneshigue-Valentin ..... 461

**Physiology**

Ammonium uptake by *Chondrus crispus* Stackhouse (Gigartinales, Rhodophyta) in culture
by Mireille A. Amat and J.-P. Braud ..... 467
Comparative photosynthetic studies of *Ecklonia cava* (Laminariales, Phaeophyta) bladelets with and without zoosporangial sori
by Yusho Aruga, Mari Toyoshima and Yasutsugu Yokohama ..... 473
Physiological responses of *Pterocladia* and *Gelidium* (Gelidiales, Rhodophyta) from the Azores, Portugal
by Richard A. Fralick, H. P. Baldwin, A. I. Neto and E. J. Hehre ..... 479
Toxicity of sewage-contaminated sediment cores to *Macrocystis pyrifera* (Laminariales, Phaeophyta) gametophytes determined by digital image analysis
by David E. James, Janet K. Stull and Wheeler J. North ..... 483
Activities of *Corallina* (Corallinales) and other Rhodophyta polymers in the modulation of calcification
by J. A. Somers, M. I. Tait, W. F. Long and F. B. Williamson ..... 491
Effect of ammonium on growth and carrageenan content in *Kappaphycus alvarezii* (Gigartinales, Rhodophyta)
by Li Rui, Li Jiajun and Wu Chaoyuan (C. Y. Wu) ..... 499
Growth and reproductive responses of *Laminaria longicruris* (Laminariales, Phaeophyta) to nutrient enrichment
by Charles Yarish, C. A. Penniman and B. Egan† ..... 505

**Chemical composition**

Content of arachidonic and eicosapentaenoic acids in polar lipids from *Gracilaria* (Gracilariales, Rhodophyta)
by Shigeru Araki, T. Sakurai, T. Oohusa, M. Kayama and K. Nisizawa ..... 513
The farmed *Eucheuma* species (Gigartinales, Rhodophyta) in Danajon Reef, Philippines: carrageenan properties
by Rhodora Azanza-Corrales and P. Sa-a ..... 521
Determination of the composition of the fibrillar part of *Gracilaria verrucosa* (Gracilariales, Rhodophyta) cell wall in order to prepare protoplasts
by Fabienne Bellanger, M. C. Verdus, V. Henocq and D. Christiaen ..... 527
Influence of tissue source and growth rates on dry weight and carrageenan composition of *Chondrus crispus* (Gigartinales, Rhodophyta)
by Hector Rivera-Carro, James S. Craigie and Peter F. Shacklock ..... 533
Preliminary approach to the characterization and seasonal variation of carrageenans from four Rhodophyceae on the Normandy coast (France)
by J. Cosson, E. Deslandes and J.-P. Braud ..... 539
Agars from *Gelidium rex* (Gelidiales, Rhodophyta)
by Betty Matsuhiro and C. C. Urzúa ..... 545
Studies on the yield and gel strength of agar from *Gracilaria domingensis* Sonder ex Kuetzing (Gracilariales, Rhodophyta) following the addition of calcium
by Muttutamby Durairatnam, Tahise Maria de Brito Medeiros and Albanisa Maria de Sena 551
The effect of a liquid seaweed extract from *Ascophyllum nodosum* (Fucales, Phaeophyta) on the two-spotted red spider mite *Tetranychus urticae*
by Simon D. Hankins and H. P. Hockey ..... 555
Some common properties of lectins from marine algae
by Kanji Hori, Keisuke Miyazawa and Keiji Ito ..... 561
Characterization of an agar fraction extracted from *Gracilaria dura* (Gracilariales, Rhodophyta)
by Erminio Murano, C. Brandolin, F. Zanetii, S. Paoletti and R. Rizzo ..... 567
Sugar constituents of fucose-containing polysaccharides from various Japanese brown algae
by Eiichi Nishide, H. Anzai, N. Uchida and K. Nisizawa ..... 573
Antitumor activity of marine algae
by Hiroyuki Noda, Hideomi Amano, Koichi Arashima and Kazutosi Nisizawa ..... 577
Chemical screening of Brazilian marine algae producing carrageenans
by Rosa M. Saito and Eurico C. de Oliveira ..... 585
Enzymatic degradation of alginate by marine fungi
by Karsten Schaumann and G. Weide ..... 589
Ultrastructure of the cell wall of *Gracilaria* cf. *verrucosa* (Gracilariales, Rhodophyta): effects of steam explosion
by Laura Talarico, G. Guida, E. Murano and A. M. Piacquadio ..... 597

**Chemical structure**

Contribution on the content and nature of the phycocolloid from *Kallymenia reniformis* (Cryptonemiales, Rhodophyta)
by Eric Deslandes, P. Potin, M. Zinoun and J. Y. Floc'h ..... 603

Infrared analysis of eleven carrageenophytes from Baja California, Mexico
by F. Correa-Diaz, R. Aguilar-Rosas and L. E. Aguilar-Rosas ..... 609
The xylogalactan sulfate from *Chondria macrocarpa* (Ceramiales, Rhodophyta)
by Richard H. Furneaux and Thomas T. Stevenson ..... 615
Eicosanoids from the Rhodophyta: a new metabolism in the algae
by William H. Gerwick, Matthew W. Bernart, Mehran Fallah Moghaddam, Zhi D. Jiang, Michele L. Solem and Dale G. Nagle ..... 621
Use of solid and gel state $^{13}C$ NMR spectroscopy for differentiation between agarophytes and carrageenophytes
by Elizabeth Gordon-Mills, Max Tate and Andrea Hounslow ..... 629
Sulfated galactans from the red seaweed *Nothogenia fastigiata* (Nemaliales, Rhodophyta)
by Hernán H. Haines, María C. Matulewicz and Alberto S. Cerezo ..... 637
Agaroids from New Zealand members of the Gracilariaceae (Gracilariales, Rhodophyta) – a novel dimethylated agar
by Richard H. Furneaux, Ian J. Miller and Thomas T. Stevenson ..... 645
A study of the phycocolloids from *Gelidium madagascariense* and *Eucheuma denticulatum* (Rhodophyta) collected on the south coasts of Madagascar
by Jean Mollion, M. Andriantsiferana and M. Sekkal ..... 655

**Molecular biology**

Control and heterologous expression in *Escherichia coli* of the *Klebsiella pneumoniae* gene encoding alginate lyase
by Peter Gacesa and Richard C. Caswell ..... 661

Subject Index ..... 667

Taxonomic Index ..... 671

Author Index ..... 677
